PROFILE

Creative Full-Stack Web Developer who turns ideas into seamless digital experiences — crafting intuitive frontends with React/Next.js and robust backends with Node.js and PostgreSQL. Curious, self-driven, and always learning.

TECHNICAL SKILLS

Frontend:	HTML5, CSS3, JavaScript (ES6+), TypeScript, React, Next.js, Tailwind CSS, Bootstrap
Backend:	Node.js, NestJS, Express.js, Firebase
Databases:	PostgreSQL, MongoDB, MySQL, SQLite, Redis
Tools & DevOps:	Git, GitHub, Docker, Linux, Postman, VS Code
Cloud & Hosting:	AWS, Google Cloud, Firebase, Vercel, Netlify
AI & ML:	Python, TensorFlow, PyTorch, Pandas, NumPy, Scikit-learn
Languages:	Amharic (Native), English (C2 — Fluent)

WORK EXPERIENCE

Independent Full-Stack Developer *Feb 2024 – Present*

Self-Directed Learning & Real-World Project Building — Injibara, Ethiopia

- Designed and deployed multiple full-stack apps using React, Next.js, TypeScript, and Node.js to simulate real production environments.
- Built and integrated RESTful APIs with PostgreSQL and MongoDB for authentication, dynamic content, and data persistence.
- Practiced professional workflows: Git/GitHub version control, code reviews, and structured documentation.
- Improved performance through code splitting, query optimization, and mobile-first UI/UX with Tailwind CSS.

EDUCATION

B.Sc. Software Engineering *2022 – Present*

University of Injibara, Ethiopia

Coursework: Web Development · Database Systems · Data Structures & Algorithms · Software Design · UI/UX · OOP

CERTIFICATIONS

Udacity — Global Chapters Ethiopia (5 Million Ethiopian Coders Initiative & Ministry of Labor and Skills)

- Android Fundamentals | Udacity | June 2026
- Data Fundamentals | Udacity | June 2026
- AI Fundamentals | Udacity | March 2026
- Programming Fundamentals (Nanodegree) | Udacity | February 2026

FUTURE FOCUS

- Machine Learning: Python, NumPy, Pandas, Scikit-learn, TensorFlow fundamentals
- Android Development: Kotlin, Java, Android Studio, Jetpack Compose
- Cloud: AWS fundamentals, Docker, CI/CD basics

CORE COMPETENCIES

Problem-Solving · Self-Motivation · Adaptability · Attention to Detail · Time Management · Communication · Team Collaboration · Continuous Learning
